

Two-minute presentation

OLUF SKOV NIELSEN
PHD STUDENT AT AALBORG UNIVERSITY
28/10 2010

About me

2

- Oluf Skov Nielsen
- Aalborg, Denmark
- M.Sc in Robotic Systems Engineering at University of Southern Denmark
- PhD Student at Aalborg University , M-TECH with project title: "Planning and Controlling Industrial Manipulation Tasks"
- Loves football

Previous work

3

Master thesis: Performing Masonry with a Mobile Manipulator

Current research

4

- Little Helper and TAPAS
- Autonomous Industrial Mobile Manipulation
- User driven iterative development

My contribution

5

- HMI for programming of tasks
- Based on generic robot skills
